MEMORANDUM FOR: Inspector General

FROM: Executive Assistant to the DDCI

Jim:

1. As I mentioned, John thought you did a really good job on the Compliance Inspection. He has forwarded it to the Director. Could you either answer these follow-up questions that he has or point me in the right direction:

-- Regarding Agency support to other organizations (page 30), he would like to have some definition of what kinds of assistance we provide and what the approval process is for either Agency or Agency employee participation.

-- What was the end result of the [redacted] 25X1  
revelation (page 11) of unsatisfactory relations with the FBI there?

-- Can you provide additional information on the [redacted] 25X1  
officer who is an officer in an organization (pages 12-13)?  
Who was this person and what was the organization?

[redacted] 25X1

2. John also wonders what kind of follow-up there will be to ensure that once the Director signs these recommendations, they are implemented. If the DDCI were signing off, I would take care of that. I will be glad to help out on this one but leave it to you to decide on how you want to handle it.
